

PROLINE

ALLOY

1860 HT

The perfect entry to a life on water. The Proline Alloy 1860HT is an easy to handle, capable and versatile vessel with a ride offering a journey as enjoyable as the destination.

BOATING IN ITS PUREST FORM.

At Proline Alloy, our vision is to deliver simple, purposeful boats without compromising on quality — boats built with everything you need and nothing you don't. We focus on exceptional value to help more people step onto the boating ladder with confidence. Each vessel is handcrafted at the Extreme Boats factory by the same expert team, using the same premium Aluminium. Every boat is built with passion and finished with pride. With this commitment at our core, you can set your bow to the horizon and embark on every adventure with confidence.

ALL SEASON BOATING

Shelter from the elements within the Proline hardtop and stay dry and comfortable in all seasons.

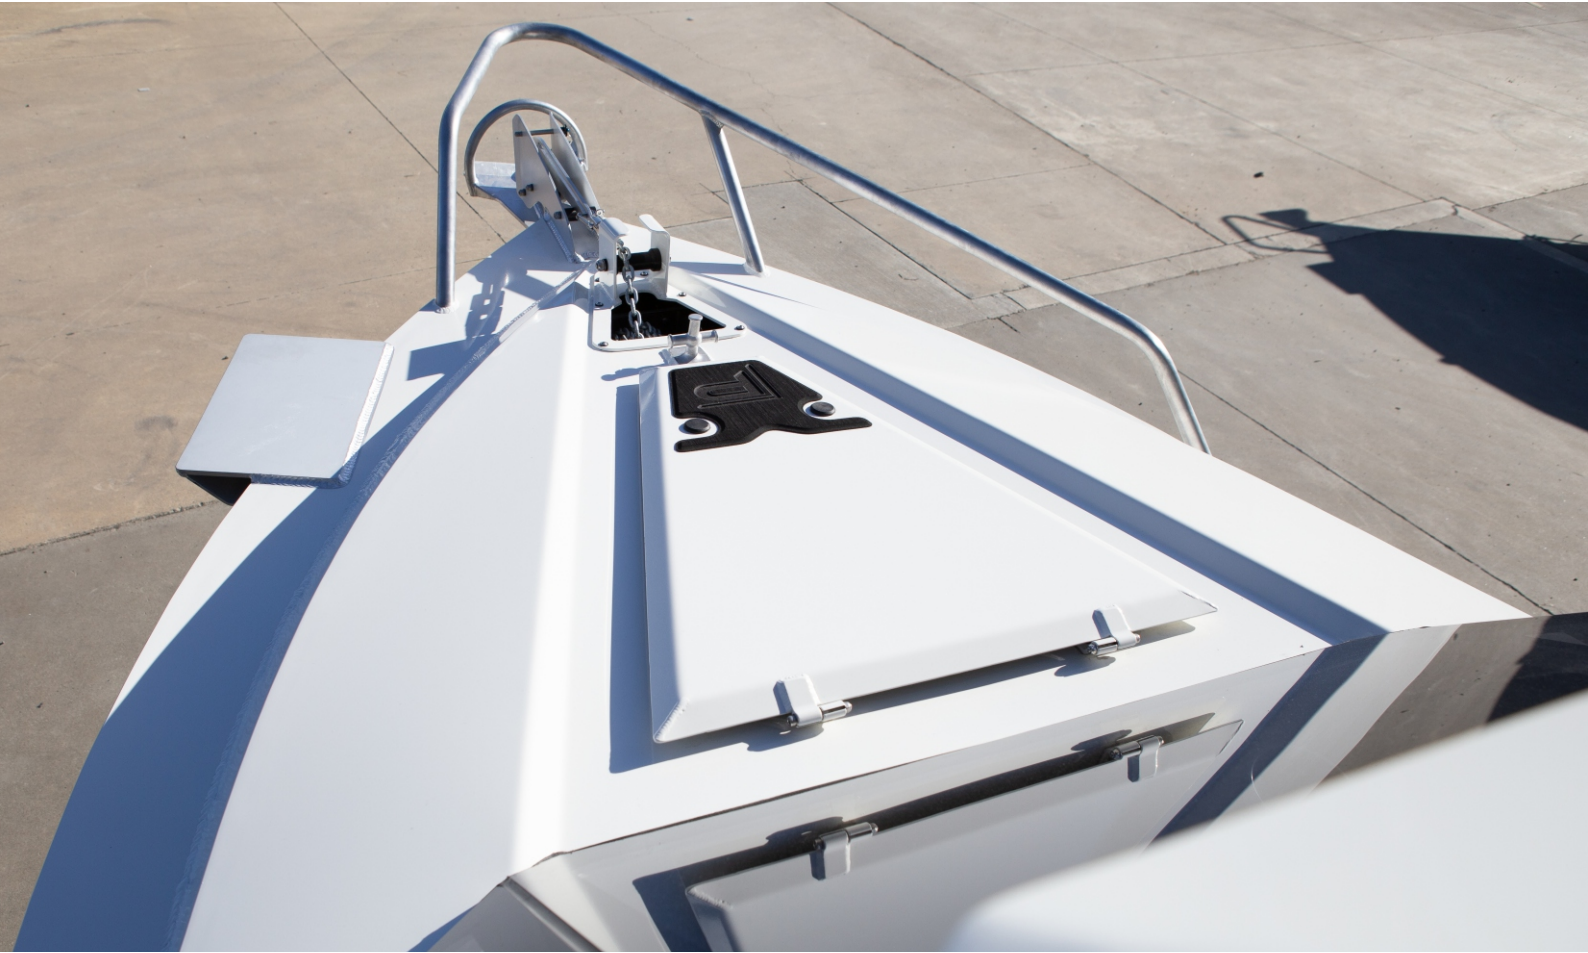

DESIGNED FOR BATTLE AND COMFORT

Battle with confidence in the spacious cockpit, or sit down and relax on the rear lounge.

ANCHORING MADE EASY

A generous bonnet hatch makes dropping and retrieving an anchor or deploying an electric trolling motor a simple and safe task.

SHELTER AND STORAGE

Store unused rods out of the way in the hardtop rocket launcher to free up the deck.

OPTIONAL EXTRAS

Take your Proline Alloy build to the next level with our wide range of optional extras.
